

Table Tennis is the most popular individual sport in the world. Both the International Table Tennis Federation (ITTF) and the European Table Tennis Union (ETTU) are launching programs specifically aimed at supporting the development of young players into internationally competitive talents and future stars. Competent coaching is the cornerstone of all development. This is also the main strategy of the Finnish Table Tennis Association (FTTA) – increasing professional coaching, building a training center in Helsinki and developing regional coaching programs. In order to accomplish this we need more coaching resources.

FTTA has an immediate opening for a

FULL TIME (OR SHORT TIME) COACH

We offer you:

- An interesting, challenging and independent job
- An opportunity to influence the job description
- An opportunity to show your talent in coaching
- The responsibility for the planning and running the FTFA coaching programs
- An opportunity to develop yourself
- An international working environment

You are:

- Willing to put your heart into coaching and developing the programs
- Willing and able to cooperate with various kinds of people as well as interest groups
- A seasoned table tennis professional, who has both insight and experience in coaching
- Used to communicating at least in English or Finnish
- Familiar with PC
- Well connected with international networks
- Results oriented, but capable of working both independently and in teams
- Flexible and willing to adjust your working hours to meet sometimes hectic schedules

Interested? Send your CV and a cover letter telling about your competence and strengths as a coach. Send the application preferably by email (or mail) to arrive as soon as possible. For additional information please call Asko Rasinen, FTFA chairman, +358 400 444779.
